

SLAM DUNK CLEAN AND PREP

All-In-One Electrolytic Cleaner and Restorer

PRODUCT DESCRIPTION

Equipped with Electrolytic Cleaning Technology, Clean, and Prep with one amazing product. Designed to optimize performance with Slam Dunk Plus, Slam Dunk Clean and Prep revitalizes and conditions the floor promoting increased durability, restored slip resistance and extended floor life cycles. Slam Dunk Clean and Prep will substantially reduce job time, chemical use/cost allowing you to accomplish each job quicker and more efficiently.

POWER OF TECHNOLOGY: ELECTROLYTIC CLEANING TECHNOLOGY

Utilizing Electrolytic Cleaning Technology allows Slam Dunk Clean and Prep to remove soil by neutralizing the ionic charge of the soil and surface. Therefore the targeted soil no longer has the ability to stick to the substrate resulting in easy soil removal which also keeps surfaces cleaner for extended periods of time.

FEATURES EFFICIENT:

Clean

- Clean and conditions surface to restore and extend the life of the floor
- For damp mopping or scrubbing of wood floors
- Removes embedded dirt, black marks and scuffs
- Extends floors life cycle
- Electrolytic Cleaning Technology

Prep

- Cleans and repairs floors to like new conditions
- Removes deeply embedded dirt and scuffs
- Improves slip resistance
- Excellent dilution ratio

ENVIRONMENTALLY CONSCIOUS

- Certified by Green Seal™
- Does not rely on pH to clean
- Contains no 2-butoxyethanol
- Contains no phenol ethoxylates
- Contains no enzymes or chlorinated solvents
- Biodegradable

ECONOMIC

- 1/2 oz/gallon for daily cleaning
- 1 oz/gallon for heavy cleaning needs
- 2 oz/gallon for wet floor prep

Electrolytic Cleaning

PROPERTIES

Physical Form:
Clear Yellow Liquid
Detergency:
Electrolytic Surfactant
Foam Level: Medium
Fragrance: Lemon
pH: 8.0 +- 0.5
Rinsability: Complete
Wetting: Excellent
Solubility in water: Complete
Emulsification: Excellent
Shelf Life: 2-3 years depending
on storage conditions
Flash Point: 92°C

SLAM DUNK CLEAN AND PREP

DIRECTIONS

CLEAN

Dust mop floor and remove all chewing gum and loose soil.
Mix 1/2oz/gallon of solution for daily cleaning and maintenance.
Mix 1 oz/gallon of solution required for deep scrub.
Apply with mop and bucket or auto scrubber using red cleaning pads.
For increased slip resistance, burnish with natural hair pads and burnisher (propane for optimum results).

Piso trapeador y retire toda la goma de mascar y tierra suelta.
Mezcle 1/2 oz / galón de solución para la limpieza y mantenimiento diario.
Mezcle 1 oz/galón de solución requerida para el lavado profundo.
Aplicar con la fregona y el cubo o lavador automático usando almohadillas de limpieza rojas.
Para aumentar la resistencia al deslizamiento , pulir con almohadillas de cabello natural y bruñidor (propano para obtener resultados óptimos).

PREP

Mix 2 oz/gallon for wet floor prep.
1. Apply with an auto scrubber (orbital or square) with a maroon pad.
2. Rinse the floor with clear water using the autoscrubber.
3. Tack the floor with clear water to remove further residue and loose soils.

Mezcle 2 oz/galón para preparación de suelo mojado.
1. Aplicar con un lavador automático (orbital o cuadrada) con una almohadilla granate.
2. Enjuague el piso con agua limpia utilizando la restregadora automática.
3. Tack el piso con agua limpia para eliminar más residuos y suelos sueltos.

Available in 1 gal bottle, 5 gal pail

Please Recycle Container

MFMA establishes product quality, performance and installation guidelines; educates end users about safety, performance and maintenance issues; and promotes the use of maple, beech and birch flooring products worldwide.
